

**AMERICAN LEGION
UTAH BOYS STATE
2020
CANCELLED**

It is with our deepest regret that today, April 2, 2020 we made the decision to join 28 other states, as well as Boys Nation, in cancelling our Utah Boys State program for this year. Given the unknown potential risks associated with the COVID-19 coronavirus that could impact the safety of all our participants and in favor of an abundance of caution, the decision was regrettably made.

What to expect going forward: All boys that have already registered for Utah Boys State class of 2020 will receive an official letter notifying them of this decision.

All money received will be returned to whomever paid it as soon as the checks can be mailed out.

Scholarships:

The 2020 Samsung scholarship program applications should still be worked and submitted online. Follow the information on the Scholarship Tab on this website. Once submitted online, send copy to American Legion Utah Boys State, P.O. Box 187, Kaysville, UT 84037-0187.

Weber State University (WSU) scholarships: We are working with WSU and hope to get clear guidance/understanding about this year's Utah Boys State class of 2020. As soon as the information is available it will be posted here.

Utah Boys State Foundation and private scholarships will be needs based, and any boy desiring to apply will do so next year along with their 2021 Boys State class registration.

We are working to modify our eligibility criteria for the 2021 class to allow for and accommodate any of the 2020 applicants that have completed their online registration, as of today, to be able to participate in the 2021 Utah Boys State program, a combined junior/senior class. Applicants should expect that they will have to re-apply and go through the process of completing a new & updated package.

We will continue to update on this website, email & social media. Links can be found at the bottom of this home page. As always, email utahboysstate@gmail.com with any questions that you may have.
